

4 January 2024

Dear parents/carers,

Governor Vacancy Roles

Governors are a really important part of the leadership within school. The Governing Body meet every half term to review school progress and to challenge/assure themselves that school are putting the children at the heart of decisions and improvements.

Our Governing Body are incredibly helpful and come from varied backgrounds/industries; this is important to note as this variety brings different viewpoints and expertise to the table. These posts are voluntary and are not restricted to parents/carers, in fact the role can often interest neighbours, a relative or a friend. So please do pass this information on to them if you think they would enjoy this role and be able to attend meetings and come into school at convenient times.

We have currently have two vacancies and would ask that you contact the school on adminoffice@poulner-jun.hants.sch.uk we can then make contact and tell you or them a little more about the role.

We would ask that any interest be registered with us by the 19th January 2024 so that we can move forwards in filling these roles.

Yours sincerely

Mrs J Randall

Headteacher
