

Dear Parent,

Did you know that the average UK household has two unwanted or unused mobile phones?

Poulner Junior School PTA are working alongside a company called Fonebank a mobile phone recycling initiative which will raise funds to go toward school activity / resources.

The scheme is very straightforward, and Fonebank will pay their current website prices for any handset that is received from Poulner Junior School. We are therefore asking if parents could kindly search the cupboards and drawers for those unwanted mobile phones and pop them into the school office (reception). Please make sure you have deleted all personal details, photos and removed the sim card. Chargers are not needed and we ask that only working phones are donated. The recycling scheme will run initially for 4 weeks ending on the 13th December at which time I will send off the phones. We will continue to run the donation scheme into the new year.

Once we have finished running this collection we will receive a cheque from Fonebank, which will be put towards new iPad's for the school.

We do hope that you might be able to help with the collection.
Thank you in advance
